

We, the undersigned former employees of the Cape Breton Highlands National Park, wish to announce our support for the Never Forgotten National Memorial at the Green Cove site near Ingonish. Although it has been roughly treated over the years, it is still a place of beauty and serenity, a place where we can contemplate and reflect, a place where we can remember and commemorate. This site will be ideal for the Veterans Memorial as it will not compromise any of the wilderness or other ecologically protected areas of the Park. It will also help the Park to live up to the cultural part of its mandate.

These are the names of the former employees in the Cape Breton Highlands National Park who have co-signed the Open Letter to the Minister who still live in the area North of Smokey in Victoria County. Their seasons of service and supervisory positions are noted if applicable.
